

Dear Parent,

Thank you for your interest in our Suzuki Program.
Enrolling your child into a Suzuki program can bring about a life long learning adventure for you and your family with many, many benefits.

The parent attends every 30 minute lesson with the child at school and practices with the child at home. To help understand the commitment involved, we ask that you gather as much information as possible before registering.

Please go to our website at www.suzukicps.org.

The first video "Suzuki Cooperative in Action" will give you information on Dr. Suzuki's philosophy and his philosophy in action.

Please go to the tab "Parent Resources" and watch 2 mini lessons. These are examples of a typical private Suzuki lesson.

Committing to the program means practicing daily with your child and playing the CD daily so that they will hear the music to be learned on the chosen instrument. If these 2 activities become a part of your family's daily life the Suzuki lessons will be very worthwhile. Additionally, participation at group lessons is a necessary part of Suzuki training. Flute group lessons are on select Friday late afternoons. String group lessons are on select Saturday mornings. These group lessons occur approximately two times per month.

You can get additional information from our Suzuki Teachers, after knowing that you can make this committment.
