

Dear Parent,

Thank you for your interest in our Suzuki Program.

Enrolling your child into a Suzuki program can bring about a life-long learning adventure for you and your family with many benefits.

The Suzuki Method involves the parent as an active partner in learning. The Suzuki parent attends every 30 minute lesson with the child and practices daily with the child at home. All private lessons will take place online this year due to the Pandemic. Private lessons are scheduled with consideration for parent/guardian, teacher and child's schedules as well as those of the child's classroom teacher.

Additionally, participation in group lessons is an essential part of Suzuki training. These group lessons will occur online this year, approximately two times per month. Your Suzuki teacher will provide a schedule.

You may have completed the following tasks if you filled out the online interest survey form. If not, it is important that you view the following videos to understand the commitment involved in our program.

Please go to our website at www.suzukicps.org.

The first video "Suzuki Cooperative in Action" will give you information on Dr. Suzuki's philosophy and his philosophy in action.

Next, go to the tab "Parent Resources" and watch the 2 mini lessons. These are examples of a typical private Suzuki lesson.

Committing to the program means daily home practice with your child and listening daily to the Suzuki recordings. Daily listening to the music and quality practice lead to success in this method.

You will receive additional information from your Suzuki Teacher, after knowing that you can make this commitment.

If you have not done so, please select only one instrument that your child is interested in pursuing and contact that particular teacher.
