

SCCPS Group Lesson Information

Please read carefully. If you have questions talk to your private lesson teacher.

We are asking every family to commit to group classes this year as these are a necessary part of our CPS Suzuki program. As you have read on our website, these classes will benefit your child in numerous ways which can be discussed with your private teacher.

We will allow excused absences. These will include, for example, sickness and family emergencies. We will not accept unexcused absences. If you have sports, please keep your Suzuki group class participation as a top priority as well.

Please notify your group class teacher and your private teacher of any excused absence.
